

Buying your foal at the telephone is just like being live at the auction place.

And that's how it works:

The members of our auction team will be pleased to check your wishes and requirements on the phone in advance. On the day of the auction an authorized member of the team will call you as soon as the auction of your favorite foal will start. Your telephone will be checked. We would recommend fixing all order details by fax. The purchase note will be confirmed and signed on your behalf, as agreed upon before.

Please send this by fax to: 0049-6631 – 965523

Important: We need to get your fax until Thursday, 05th of October 2018
